## ENDING DANGEROUS, DISRESPECTFUL PARKING IN REDHILL

## CONSULTATION NOW OPEN

Rebecca Paul, your local MP

Your Conservative councillors and MP are pleased to report that Surrey County Council is proposing to introduce a Restricted Parking Zone (RPZ) in the pedestrianised areas of Station Road, London Road and the High Street in Redhill Town Centre.

These are spaces that were designed for pedestrians but are routinely treated like a car park. The proposed RPZ would mean that any vehicle parking in these areas without permission can be issued with a Penalty Charge Notice at any time.

This is a practical, much-needed step that will help keep the centre of Redhill safe and more accessible for everyone, including families, wheelchair users and those with limited mobility.

**We need as many people as possible to show their support for these new restrictions so we can put a stop once and for all to this anti-social parking.**
