

# YOUR LOCAL CONSERVATIVES: OTHERS PROMISE, WE DELIVER

*Your Conservative team—ordinary local residents,  
leading the way in our local area*

## We've listened to your priorities and as a result we have:

Attracted over £100m of private investment to our big regeneration projects in Redhill, Horley, Preston and Merstham

Invested over £20m in new and improved leisure centres and parks, across our Borough, including the award winning Priory Park

Set up a Joint Enforcement Team with Surrey Police—one of the first such teams in Surrey

Worked with Surrey County Council to increase local school places and invest over £12m more in local road repairs

Developed our planning Core Strategy, so we can make developers pay towards local infrastructure such as health, education and roads

Invested £3m in the new kerbside recycling service, which will pay for itself in coming years

**All this whilst reducing management and using better technology at the Town Hall, saving a total of £11m over the last 5 years.**

## Our promises to you if the Conservative team is re-elected:

<b>Making Ends Meet</b>	We will continue to reduce the Council's costs wherever possible, so that we can maintain high levels of service and keep your Council tax down
<b>Guarding the Green Belt</b>	We will protect and enhance our precious Green Belt by making the best use of other land and ensuring any development meets our Borough's needs
<b>Caring for our Community</b>	We will assist those in our community, of all ages, facing difficulties or lacking opportunities, and support our local hospitals and health services
<b>Funding for the Future</b>	We will invest in the facilities our community needs for the long term, for commerce, transport, schools, leisure centres, green spaces and local groups

*Paid for and delivered  
by local volunteers—  
printed locally too*

# YOUR COMMUNITY, YOUR COUNCIL
